## THE McALESTER RAILROAD

MASS MEETING HELD AND SOLICITING COMMITTEE APPOINTED TO RAISE FUNDS.

McAlester, Ok., April 12.—McAlester citizens are still of one mind as to the necessity of a railroad to the southwest and of the same idea as to how such a road may be secured.

Several weeks ago a mass convention, after two hours' discussion of the subject from every viewpoint, voted unanimously that the home folks organize a \$200,000 corporation and construct and, if necessary, operate a short line of railroad to the southwest, to connect with some other road.

The same determination was voiced with the same unanimity when the report of the committee on form of subscription, Messrs. Gordon, Cornish, Craig, Gallagher and Fuller, was adopted at the mass meeting Wednesday night and Chairman Enloe was instructed to appoint a committee of seven to solicit subscriptions and report progress at another meeting at the district courtroom next Tuesday night at 8 o'clock.

The soliciting committee is as follows: George M. Chaney, G. C. Cochran, Tom Hale, Wm. Busby, J. J. McAlester, F. J. McFarland and W. C. Tippet.

It is understood that auxiliary committees will be named by the soliciting committee.

The concerted efforts of all citizens, regardless of the extent of their property holdings, will be necessary to the success of this enterprise and it is not thought that anybody will shirk.

Chairman Enloe said: "I believe that every member of the main committee will do his duty loyally and we expect that the persons named on the auxiliary committees will do the same."

"No loyal citizen of McAlester can shirk his duty at this crisis. It is the consensus of opinion that this road must be built and we are adopting the only certain way of building it."

"I believe before next Tuesday night's meeting things will be in such shape that McAlester can send the news out to the world that a united citizenship is back of the building of this road."

There were few speeches made but all showed a disposition to do their part toward raising enough money to build a line of road.

It is conceded by everybody who has devoted any study to the proposed line, that it would be exceedingly valuable, not only to McAlester from a wholesale and retail standpoint, but as a railroad proposition. The proposed road would traverse one of the most fertile regions of this country and would connect with several lines.

Mr. Gordon did not talk very freely as to advances made by representatives of other lines of railroad but he admitted that advances had been made.

## PRIMARIES IN PENNSYLVANIA

Philadelphia, Pa., April 12.—With the Pennsylvania presidential primaries to take place tomorrow, the attention of the politicians is focused upon the Keystone state in the belief that the results here will go far towards determining who is to head both national tickets this year. Pennsylvania is to have 76 delegates in the Chicago and Baltimore conventions, being second only to New York in the size of its delegations.

Most interest centers in the selection of the 64 district delegates to the republican national convention, owing to the bitter contest between the Taft and Roosevelt followers. Taft has the support of the state organization controlled by Senator Penrose. The Taft managers predict that the president will sweep the state and that the result will leave him so easy a winner in the country that the contest will be virtually over. They are unwilling to concede that Roosevelt delegates will be named in even one of the 32 congressional districts.

The Roosevelt managers declare that the Taft claims are absurd. They assert that the old animosity felt by many republicans towards the state "machine" is sufficient to elect Roosevelt delegates in at least ten districts while the personal popularity of the ex-president is counted upon to carry a number of others. Only the most ardent of the Roosevelt supporters venture to predict that Col. Roosevelt will capture the majority of the delegates. On the other hand, there are many who believe that the results of the primaries will be such as to give the Roosevelt candidacy a new impetus.

On the democratic side there is little to be said, except that all signs point to a substantial victory for Woodrow Wilson. If the New Jersey governor fails to capture at least three-fourths of the Pennsylvania delegates the result will be about the biggest surprise that the politicians hereabouts have had in years. The Wilson campaign managers claim that he will have a solid delegation, but unbiased political students are inclined to concede from one to a dozen delegates each to Clark and Harmon.

Candidates for congress are to be selected in the primaries, also legislative candidates and delegates to the state conventions that will meet later to name candidates for the state offices to be filled next fall and twelve delegates-at-large to the national conventions.

Pennsylvania has lost heavily in its Republican representation in the house in late years and the republicans realize that they must make a determined and thorough campaign this fall unless their representation will be still further reduced.

Four republican members of the Pennsylvania delegation are not candidates for renomination. They are William S. Reyburn, George D. McCreary, Marlin E. Olmsted and Arthur L. Bates. John G. McHenry, a democrat, has also decided to retire.

The members who are unopposed for renomination are Representatives Diefenderfer of the Eighth district, Griest of the Ninth, Farr of the Tenth, Bowman of the Eleventh, Ainey of the Fourteenth, Wilson of the Fifteenth, Lafean of the Twentieth and Gregg of the Twenty-second district. All of the other members seeking another term are faced by opposition candidates of their own party.

In many of the districts the candidates opposing the present republican representatives in congress for renomination are fighting for Colonel Roosevelt, and also making as an issue the nomination of republican state senators opposed to the re-election of Senator Penrose.

Not the least interesting feature of the primaries is the contest for the upper hand between the two rival factions of the democratic party in this state. The big plum for which the warring democrats are fighting is the National Committeeman from Pennsylvania. Congressman A. Mitchell Palmer, of Stroudsburg, is being supported by the "reorganizers," and ex-Judge James Gay Gordon is the choice of the "organization" wing of the party. In the distance, too, looms the

## TEXAS PIONEER DIES AT ADA

About 6 o'clock Thursday afternoon John E. Davis, a pioneer of Grayson county, Texas, died at the home of his son-in-law and daughter, T. R. Hill and wife, about a mile north of Ada. Deceased had suffered from a cancer on his face for the past two years, and no relief could be found for the malady, which finally conquered. He was seventy-five years old, and for many years lived at Sherman. He is survived by five children, two daughters and three sons. He was for many years a consistent member of the Cumberland Presbyterian church.

This morning the remains were taken to Sherman for interment. The body was accompanied by Mr. and Mrs. Hill, Mrs. Edmonson, a daughter living at Mounds, Louisiana, and J. H. Davis, a son living at Sherman.

### MILITIA CALLED OUT FOR REPUBLICAN CONVENTION

Bay City, Mich., April 11.—Taft and Roosevelt men in Michigan politics, refusing any basis of compromise after twenty-four hours of conferences today at the state republican convention precipitated one of the most bitter conventions in the history of the state, the birth place of the republican party.

Two sets of leaders and delegates, Taft and Roosevelt, fought out their issues to the point where state militia, police and sergeants-at-arms were needed to maintain a semblance of order, proceeded.

As a result the credentials committee of the republican national convention at Chicago in June will be required to determine whether six Taft delegates-at-large or an equal number of Roosevelt delegates from Michigan shall be seated in the national convention.

Taft leaders said tonight the seating of the six delegates-at-large would make no difference in the Michigan state delegation, in that the various district conventions had named more than enough delegates to make certain the vote of Michigan for Taft.

After today's sensational fight on the floor of the convention, during which former Senator Albert J. Beveridge of Indiana left the armory, the closing incidents in the convention were comparatively tame.

Perfunctory resolutions were adopted and speeches were delivered by state leaders favorable to President Taft.

Leaders on both sides tonight admitted they had expected the results which came with the close of the convention.

## CHANDLER AND MARTIN CAPTURE THEIR MAN

A message from Deputies Chandler and Martin, who for the past week have been on trail of the young man Turnbole, or Turnbo, stated that they overtook him late Thursday afternoon near Waurika and that in the fight which followed, both horses of the team he was charged with stealing near Stonewall were killed. He then made his escape from his pursuers but was met a little later by another party and arrested. The officers are now en route to Ada with him, but they did not state whether they were coming across the country or by rail. The young man is said to have come from Navarro county, Texas a few weeks ago.

## OKLAHOMA DEFEATS BOTH COLORADO AND KANSAS

Norman, Okla., April 11.—The University of Oklahoma defeated both the University of Kansas and the University of Colorado in the annual intercollegiate debates held last night.

Frank Manning of Ringwood, Elton Hunt of Alex and Collins Williams of Durant won a two to one decision supporting the negative of the recall of the state judiciary against Colorado at Boulder. W. J. Armstrong of Boswell, John Rogers of Holdenville and Will Randolph of Chandler received two of the three judges defending the affirmative of the same question against the Jayhawkers in Norman. The victory reverses the result of last year when Oklahoma lost to both Colorado and Kansas. As these are the only two debates the university has scheduled this year it will have a clean sheet for 1912 in forensic contests.

## Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used, and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

## PLAYS AND PLAYERS.

Emma Carus has a new vaudeville act called "The Lifter."

Lulu Glaser is now under her own management and doing nicely.

Dorothea Sadler is supporting F. Morris and Edmund Reardon in "In 1999."

Thomas Jefferson is playing in a dramatization of "The Cricket on the Hearth."

David Higgins is now appearing in a one-cent condensation of his play "Piney Ridge."

Gertrude Elliott will remain under Charles Froman's management next season.

Thomas E. Shea is soon to present in Vaudeville a new sketch called "The Run on the Bank."

Mrs. Langtry has arranged to make a twenty-week vaudeville tour of the United States next season.

William Allen Whites novel entitled "A Certain Rich Man," is to be put on the stage for next season.

Walker Whiteside and his entire company are to be seen in "The Typhoon" in London during the spring.

Margaret Mayo, author of "Baby Mine," is at present writing a play which is to be ready for production next season.

Julia Sanderson and Donald Brian will be starred during the next season by Charles Frohman in a new musical comedy.

Wish Wynne, the English singer, who made a highly favorable impression in this country, is to have another American tour.

Soon after the close of her tour in "The Runaway" Miss Billie Burke intends to revisit Paris, London and rural England.

It is estimated that New York spends about \$15,000,000 a year in theatre-going, Chicago \$5,000,000 and Philadelphia \$3,000,000.

Contracts for Mme. Simone's appearance in two new plays in Paris, may prevent her from returning to America until season after next.

Pauline La Cerne, wife of the Rev. John William Jones, of Omaha, Neb., is a member of the American Theatre stock company in that city.

L. S. Sire will produce late in the season a play by George Bronson Howard entitled "The Law and the Lawless." Hassard Short will play the leading role.

## Typhoid Fever a Preventable Disease.

It is rather startling to be told that in 1909 there were more cases of typhoid in the United States, with a population not half as large as that of India, than there were cases of plague in India; and that there were four times as many cases of typhoid in the United States as cases of cholera in Russia during a period including the epidemic of 1910. These figures are taken from an article by McLaughlin of the Marine-Hospital Service, who says that we consider with apprehension the countries in which cholera and plague occur frequently and call them pest-ridden countries but do not consider the problem of typhoid fever in our own country with sufficient seriousness. He gives tables to show that within the registration area in the United States, in fifty cities having an aggregate population of over 20,000,000 the average typhoid death-rate for 1910 was 25 per hundred thousand inhabitants. In one city in that year it amounted to 68.7 per hundred thousand, and in several cities it amounted to 45 or more. In ten of the largest cities of northern Europe, comprising a population of 15,000,000, the average typhoid death-rate per hundred thousand of population during a period of ten years, from 1901 to 1910, was only 3.4, and in 1910 the rate had gone down to 2.5. It is considered in Europe that a death-rate of 13 to 15 per hundred thousand constitutes a rather serious reflection on the sanitary management or the water supplies of such cities. And yet the figures are far below the average of the fifty cities in the United States above referred to, in which the death-rate was 25 per hundred thousand of population. Leaving out of account such causes of typhoid as infected food and milk, contact, carriers, etc., McLaughlin believes that this death-rate can be very materially reduced by filtering the water-supplies of our cities, which are so largely contaminated by sewage. Not only is this high death rate from typhoid fever to be deplored on humanitarian grounds, but the occurrence of such a large number of cases represents an economic loss so great as to be almost incalculable. The Journal of the American Medical Association says that our legislators and city authorities should feel the obligation to adopt more vigorous methods of preventing this enormous waste of human energy, earning capacity and human life.

## Jefferson Dinner Speakers.

New York, April 12.—The floodgates of democratic oratory will be opened at the Waldorf-Astoria tomorrow night, on the occasion of the annual dinner given by the National democratic club in celebration of the birthday anniversary of Thomas Jefferson. William J. Bryan heads the speakers' list and among the other distinguished party leaders who will be heard are Governor Dix, Governor Woodrow Wilson, Champ Clark, Senator O'Gorman and Mayor Gaynor.

## Veteran Soldier to Retire.

Washington, D. C., April 12.—On his own request, Brig. Gen. Daniel H. Brush was today relieved of his duties as commander of the department of California in anticipation of his retirement for age next month. Gen. Brush is one of the most distinguished officers in the United States army and one of the few still on the active list who served in the civil war. He began his career as a member of the 145th Illinois regiment. After his retirement he will make his home in Baltimore.

## IRISH HOME RULE BILL BEFORE PARLIAMENT

London, April 11.—In a speech lasting nearly two hours and described by old parliamentarians as the most masterly in recent years, the Prime Minister today introduced in the house of commons the home rule bill which bears the official title of "the government of Ireland bill."

This is the third attempt of the liberal party to settle the Irish question, which caused a disruption of the party under Gladstone and kept them out of power for nearly twenty years. Mr. Asquith's bill met with support from practically all the Liberals and Laborites, and both sections of the Nationalists, the Redmondites and the O'Brienites.

## Card of Thanks.

We wish to express our heartfelt thanks for the many kindnesses shown us during the sickness and death of our dear baby.

Mr. and Mrs. E. M. Carr.

Several business men of Ada have spoken most favorably of the proposition to install a large electric flashlight sign calling attention to the advantages of the city. It is probable that a representative of some company will be here in a few days to submit prices and designs after which it is thought that the sum necessary can be raised and the sign installed. Since the electric light people have generously offered to furnish the electricity free, there will be little cost in maintaining the sign, if it is once erected.

## Pun Which Took the Palm.

At a recent luncheon in Chacoga the hostess read from a London paper a number of puns on the names of English authors. They ran like this:

Why is Rider Haggard? Because he has to Marie Corelli.

Whereupon the guests all turned to the manufacture of similar jeux de mots, the hostess announcing that she who perpetrated the best should carry home the plant in the center of the table. Here, then, are the alleged jokes manufactured on the spot:

What did George Washington Cable News that turned David Gray.

How much does Myrtle Reed? Every single Thomas Nelson Page.

Is Richard Henry Savage? No, but Hamilton Mabie.

What gives Albert Bigelow Paine? The way William Dean Howells.

The last was a "howelling" success and its blushing author was unanimously awarded the palm.—Chicago Post.

## LOOKING TOWARDS OKLAHOMA.

F. F. Brydia returned last evening from a trip through Iowa, Missouri, and North Dakota. As a result of a careful investigation he reports that the people are very much interested in Oklahoma and that he expects to see the largest tide of immigration to this section that has ever come this way. The cheap lands and mild climate appeals strongly to those people, especially after the very severe winter through which they have just gone.

### EAST CENTRAL NORMAL PUTS ONE OVER SHAWNEE

The normal ball team put one over the Baptist university at Shawnee yesterday afternoon by a score of 12 to 5. The Ada boys had no difficulty in finding the Shawnee pitcher, every man on the team getting at least one hit while Wm. McDaniel and Claude McMillan each made a three bagger. Pat Jones pitched a good game for Ada. Shawnee got six hits off of him, but derived little good therefrom.

A second game will be played today in which Bruce Ligon will pitch. Saturday the team will play Sacred Heart.

#### Paper Bag Cookery.

The paper bag cookery, which has been the rage all over England for some time, has reached the United States and is taking the country by storm.

These bags were perfected by M. Soyef, a French chef, who experimented until he found a bag suitable in texture and strength, and without any disagreeable features attendant upon the use of the ordinary paper bag.

These bags come in all sizes to suit different quantities of food. The bag is slightly greased on the inside and the meat or vegetables put in. Sufficient water to prevent burning or drying is added unless one wishes a large amount of liquid to serve with the dish. The bag is then carefully sealed by folding the mouth over two or three times and fastened with a paper clip. It is then laid on the grid or on a wire rack on the floor of the oven. The oven must have only moderate heat to insure best results.

M. Soyef has carefully worked out a time table for different meats and vegetables.

In serving the bag is drawn carefully on the plate and then ripped open and discarded.

The claim made for these bags is that they not only do away with washing of greasy pans, but cooking in them preserves the natural flavor of the food. In vegetable cookery this would mean a gain, as the valuable mineral matter which vegetables contain is thrown away in the stock. —Margaret H. Haggard, Colorado Agricultural College.

#### Texas League Starts Season.

Galveston, Tex., April 12.—The initial games were played today in what is expected by the baseball club owners of the Texas league to be the most successful season in the history of that organization. The taking over by Beaumont of the franchise held by Oklahoma City last year has made the circuit more compact. Changes have been made to strengthen the weaker clubs and all signs point to a spirited race for the pennant. The season opens with San Antonio at Beaumont, Fort Worth at Austin, Dallas at Waco and Houston at Galveston.

#### Negro's Third Trial for Murder.

Anniston, Ala., April 12.—The case of Ervin Pope, a negro who has been twice convicted and condemned to death for the murder of J. B. McClurkin, a white man, was called in court here today for the third trial. The murder of McClurkin occurred in the town of Oxford on April 20, 1909. Pope was convicted of the crime on circumstantial evidence. The supreme court has twice reversed the verdict and ordered a new trial in the case.

#### Listen Friends.

I don't want you to read this unless you have confidence in my word. For two years I suffered from a sore on my shin caused by an ax cut. I tried a great many remedies with no results. At last I went to Gwin & Mays' Shin Salve, and the second 25c box cured that sore absolutely. I trust that my experience may help other sufferers.

### ONE-THIRD OF AN INCH RAINFALL LAST NIGHT

The rainfall of Thursday night amounted to 34-100 of an inch, but in view of the already soaked condition of the ground it appeared to be even heavier. About the same amount fell Saturday, and since the first of the month the rain fall has been something near two inches.

#### DEATH OF GENERAL FREDERICK D. GRANT

New York, April 12.—Major General Frederick Dent Grant, son of the famous General of the Civil War, and himself commander of the Department of the East, died at the hotel Buckingham in this city at about 12:40 o'clock this morning.

Between 9 and 10 o'clock last night Gen. Grant was brought to the Buckingham from St. Lukes Hospital.

He was accompanied by Lieut. Howse from Governor's Island and Gen. Grant's wife. He was attended by Robert Abbey and Dr. Edwin B. Bench.

The cause of the general's demise was not made known when word of his death was sent down from his room to the hotel desk.

#### NO CRIME TO STEAL BOOZE IN OKLAHOMA

Guthrie, Ok., April 11.—It is not burglary in Oklahoma to break into a building and steal intoxicating liquors that are being held for sale in violation of the prohibition law.

This was the finding of a district court jury here today in acquitting George Windsor, a negro, on a charge of taking twenty-four quarts of whiskey and fifteen bottles of beer from a building.

Under the Oklahoma law there are no property rights if liquor is held for sale.

Good farm for sale close in to Ada. Three miles. Two sets houses, good water. Will sell at a bargain and give good terms. See F. O. Harris over Rollow building. 310-dtf

#### The Cartwrights.

Little Miss Dorothy Cartwright won her way to the hearts of the Brownsville public last night by her excellent entertaining qualities. From the moment she began to impersonate the boy, who very much disliked to fill the woodbox, until the close of evening's pleasure, she held the attention of her audience throughout.

Mrs. Cartwright, reader, was exceedingly clever. She was especially interesting in the humorous sketch which closed the program. In the sketch "Patsy," she displayed much tenderness of feeling, and one could feel a pull on the heart chords as this pathetic tale was unfolded.

Mr. Cartwright pleased the audience greatly with his violin numbers. He also has a very pleasing bass voice, and sang many of the oldtime songs in such a pleasing way that the audience persisted in having more.

The program throughout was bright and entertaining. Number after number was enjoyed to the utmost, and the Cartwrights probably never had a more thoroughly appreciative audience.

The entertainment was under the auspices of the Mothers' and Teachers' Clubs, and the proceeds will be used for the benefit of the soup fund. The audience was large and the financial returns were very gratifying to the enterprising ladies who secured this attraction for Brownsville. —Brownsville Daily Herald, Brownsville, Tex., Feb. 17, 1912.

Will be at Ada Monday evening, April 15.

#### FOR YOUR HAIR

Here Are Facts We Want You to Prove at Our Risk.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth.

But, when the hair roots retain any life, we believe there is nothing that will so surely promote hair growth as will Rexall "93" Hair Tonic. To prove that statement, we promise to promptly return all the money you pay us for Rexall "93" Hair Tonic, should it not please you.

Rexall "93" Hair Tonic destroys the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and, by promoting circulation, nourishing them.

Rexall "93" Hair Tonic helps to relieve scalp irritation, to remove dandruff, to prevent the hair from falling out, and to promote an increased growth of hair. It comes in two sizes, prices 50c and \$1.00. Remember, you can obtain it only at our store—The Rexall Store—Gwin & Mays Drug Co.

A number of enthusiastic ball fans have asked the News to get the returns on the ball games every day, but as the games begin at 3 o'clock, and the forms of the paper close about 4, it is seldom that a report could be had in time for publication, and before the next afternoon the big dailies have arrived and it is no longer news.
